New Zealand produces the finest pasture-fed lamb in the world. Raised on grass in their free-range natural environment our New Zealand lamb is rich in protein, B vitamins, zinc and iron.

Northern Pike thrives in local prairie lakes and rivers. Ranking third among freshwater species caught commercially in the Canadian north, the Pike's lean flesh is an excellent source of protein, selenium and vitamin B12.

The perfect protein, our Canada Grade A eggs are delivered to us fresh (never frozen, no preservatives) from Alberta's Prairie Farms.
