

# INDOOR 27®

For cats living indoors (from 1 to 10 years old)

### Reduction of stool odour

\***Highly digestible**, Indoor 27 significantly reduces stool odour by reducing emanations of hydrogen sulphide by an average of 60% compared with stools from reference foods for indoor cats. Hydrogen sulphide is particularly smelly.

(Royal Canin study, 2006)

### Maintaining ideal weight

Due to a moderate calorie supply, adapted to the lower level of physical activity of indoor cats, and the addition of L-carnitine to help mobilise fat stores.

### Hairball regulation

Favoured by a combination of **non-fermentable fibres and beet pulp** which stimulates intestinal transit and the elimination of ingested hairs.

### Recommended daily quantities (g)

Your cat's weight (kg)	Thin	Ideal weight	Overweight
3kg	55	45	
4kg	75	60	50
5kg	95	75	60
6kg	110	90	70
7kg+		105	85

- Food (in g/day) -

### Ingredients

Maize, dehydrated poultry meat, rice, vegetable protein isolate L.I.P.\*, wheat, animal fats, vegetable fibres, hydrolysed animal proteins, minerals, beet pulp, soya oil, fructo-oligo-saccharides, yeasts, sodium phosphate, fish oil, L-lysine, DL-methionine, taurine, green tea and grape extracts (source of polyphenols), L-carnitine.

\* L.I.P.: protein selected for its very high level of assimilation
